1. There is a barbed wire entanglement extending all along the border between the villages of Shtit and Kapitan Andreevo. The barbed wire is placed 50 meters to the north of the boundary. This entanglement is one meter high and is supported by stakes on four parallel lines. There are no walls along the border line.
2. The villagers are ploughing and laying mines in a space 30 meters wide between the above-mentioned wire entanglements and the wire line which is on the border. The space is being plowed eastward toward the Blaguntsi village area.
